Title: AVS Liquid Feed Terminal

Applicant: POWELL, ET AL.

Art Unit: 1724

Attorney Docket No. 02-RIC-02

REMARKS ON THE AMENDMENT

The amendment to claim 1 is provided pursuant to 37 CFR 121(c). A clean version of amended claim 1 is provided on a separate page. Another separate page includes a version with underlining to show the additional wording added to the preamble, namely "in a waste vitrification system" was added after the word "device."

The amendment is supported in the specification at paragraph 5, which states, "The invention enhances a capability of feeding a liquid and solid slurry of waste into a disposable vitrification canister as the initial step for an in-situ vitrification process."
